Chronically Homeless Subpopulations^a

(Chronically homeless subpopulation data is required for sheltered persons and for unsheltered persons)

	Sheltered		Unsheltered	Total
	Emergency Shelters	Safe Haven		
Chronically Homeless Individuals ^b	117	14	295	426
Chronically Homeless Families (Total Number of Families) ^c	5		23	28
Chronically Homeless Families (Total Persons in Household)	14		66	80

Other Homeless Subpopulations^{d, e}

(Other homeless subpopulation data is required for sheltered persons and for unsheltered persons)

	Sheltered	Unsheltered	Total
<i>Persons in emergency shelters, transitional housing and safe havens</i>			
Total Number of Veterans (including female Veterans)	76	94	170
Number of Female Veterans (subset of all Veterans)	6	3	9
Severely Mentally Ill	86	96	182
Chronic Substance Abuse	99	163	262
Persons with HIV/AIDS	10	5	15
Victims of Domestic Violence (optional)	33	17	50

Help

Both sheltered and unsheltered point-in-time (PIT) counts are **required**.

- CoCs are required to report the number of sheltered and unsheltered persons in all subpopulation categories except domestic violence which is optional.
- In addition to persons in chronically homeless families, CoCs must report the total number of chronically homeless families.
- CoCs are required to report the number of females for sheltered and unsheltered veterans enumerated in the PIT count.

Only adults should be included in the counts for this chart, except for chronically homeless families.

As in the Homeless Populations chart, count should be completed using unduplicated counts or statistically reliable estimates of homeless persons in sheltered and unsheltered locations on a single night during the last ten days of January 2015. CoCs that conducted a PIT count during a period other than the last ten days of January 2015 must have received a waiver from HUD.

^aDo not count persons residing in transitional housing as chronically homeless.

^bAn unaccompanied homeless adult individual (persons 18 years or older) with a disabling condition (see definition

below) who has either been continuously homeless for a year or more OR has had at least four (4) separate occasions of homelessness in the past three (3) years. To be considered chronically homeless, persons must have been sleeping in a place not meant for human habitation (e.g., living on the streets) and/or in an emergency shelter/Safe Haven during that time. Persons under the age of 18 are not counted as chronically homeless. For purposes of the PIT, persons living in transitional housing at the time of the PIT count should not be included in this subpopulation category.

^cA household with at least one adult member (persons 18 or older) who has a disabling condition (see definition below) and who has either been continuously homeless for a year or more OR has had at least four (4) separate occasions of homelessness in the past three (3) years. To be considered chronically homeless, persons must have been sleeping in a place not meant for human habitation (e.g., living on the streets) and/or in an emergency shelter/Safe Haven during that time. The subpopulation count should include all members of the household. For purposes of the PIT, persons living in transitional housing at the time of the PIT count should not be included in this subpopulation category.

^dSubpopulation rows only pertain to adults, with the exception of chronically homeless families.

^eCount persons in emergency shelters, transitional housing and safe havens in the sheltered count.
