DATA QUALITY

When "Exit Destination" is not identified, we are unable to determine whether someone exited to a permanent location. Graph displays the percentage(%) of persons missing, "client doesn't know", and "client refused" responses for "Exit Destination."

As a direct service provider, your diligence can truly make a difference in our CoC performance by capturing Exit Destination in HMIS

Percent (%) Destination of Don't Know, Refused, or Missing

— Emergency Shelter & Safe Haven

— Transitional Housing

— Permanent Supportive Housing

— Rapid Re-housing

— Street Outreach

HOUSING INVENTORY CHANGES

As the Housing Inventory changes, we typically see changes in the number of persons served by each type of project. This impacts the system performance outcome numbers.

Housing Inventory Chart is a listing of all beds in Hillsborough County that we know to be dedicated to serving individuals or families who are experiencing or emerging from homelessness.

Homeless Dedicated Beds per Project Type on Housing Inventory Chart (HIC)

Y-axis: Number of Beds Reflected on HIC (0 to 1800)

X-axis: Inventory as of night of the annual Point-in-Time Count (01/24/2013, 02/27/2014, 02/26/2015, 02/25/2016)
