

## Before Starting the Project Application

**To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.**

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

## Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year’s FY 2018 information, e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Fully Consolidated” on the Grant Consolidation screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. However, if the applicant selects “Individual Renewal”, this project application(s) can use the “Submit Without Changes” process. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Expansion Screen, this project application is for a “Combined Renewal Expansion” project application. However, the stand-alone renewal expansion project application(s) can use the “Submit Without Changes” process.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

## Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes
  
2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No
  
3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes
  
4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

## Renewal Expansion

**As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).**

**1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen.** No

## Renewal Grant Consolidation Screen

**HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).**

- 1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition?** No  
**If "No" click on "Next" or "Save & Next" below to move to the next screen.**

## 2A. Project Subrecipients

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

This form lists the subrecipient organization(s) for the project. To add a subrecipient, select the  icon. To view or update subrecipient information already listed, select the view  option.

### 3B. Project Description

**1. Provide a description that addresses the entire scope of the proposed project.**

To address the community’s homeless issues, in December 2017, the Tampa/Hillsborough County Continuum of Care (CoC) implemented the Coordinated Entry (CE) Project as directed by HUD. This Project prioritizes those most in need of assistance and strategically allocates the community’s limited resources in an effective and efficient manner, while identifying the need for additional resources in the hopes of making homelessness rare, brief and non-recurring.

The 2019 Hillsborough County Point in Time (PIT) Count conducted on February 28th, indicated that there were 1,650 individuals experiencing homelessness; a decrease of 145 but for the Unsheltered population there was an increase from 640 in 2018 to 672 in 2019. The CE Project ensures that the CoC is engaged in; aggressive and comprehensive outreach to identify, assess and prioritize those homeless and/or at risk of becoming homeless linking them to compatible service and housing providers; and maintenance of new landlords and developers to increase housing options. This project is critical to the community's strategic plan, 560 In 560. The goal of 560 In 560 is to provide housing opportunities for 560 people in 560 days by addressing some the of top causes of homelessness. The project aligns with the C.A.S.H. Program portion of the 560 In 560 plan.

For the period August 1st, 2018 – July 31st, 2019, there were 6,702 individuals encompassing 4,499 households enrolled in CE; sustained funding of this project guarantees that the Housing Access Managers employed, continue to train members of the CoC, on best practices, policies and procedures thereby effectively moving homeless individuals and families to housing as quickly as possible in accordance with local, state and federal policies and guidelines.

The Housing Access Managers also promote the benefits of the Community Wide Affordable Supportive Housing (C.A.S.H.) Program, an initiative geared towards obtaining and preserving collaborations with landlords and developers to increase housing options for persons emerging from homelessness.

**3d. Does the project follow a "Housing First" approach?** Yes

**4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area?** Yes

**4b. Will the coordinated entry process funded** Yes

**in part by this grant be easily accessible?**

**4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.**

The advertisement strategy used by the Tampa/Hillsborough CoC includes posting information regarding locations of the Community Housing Solutions Centers and its services on THHI’s social media networking sites: website (www.thhi.org), Facebook (www.facebook.com/thhiorg) and twitter (#thhi), and weekly newsletters via email as well as flyers displayed at service provider locations. Information about the Community Housing Solutions Centers is also be shared through the Crisis Center of Tampa Bay's 211 Helpline. The advertisement of the first Family Housing Solutions Centers has begun as the ground breaking occurred on August 29, 2019. Outreach providers are instrumental in communication of the CE Project and its benefits as they interact with the most vulnerable in the community daily. Every month the Outreach Committee goes to a different encampment within the county and there are quarterly Outreach Events where those with the highest acuity can be identified.

**4d. Does the coordinated entry process use a comprehensive, standardized assessment process?** Yes

**4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.**

In the Tampa/Hillsborough CoC the assessment tool utilized is the Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT), it determines risks, and ranks individuals and families based on the severity of their needs. The referral process in our CoC prioritizes those homeless susceptible to victimization, including physical assault, trafficking or sex work; compatible housing interventions are first offered to Domestic Violence survivors based on their assessment score.

The community wide list, Priority List, is generated weekly and permanent housing providers with access to HMIS pull referrals in the order of most vulnerable to least vulnerable, according to their assessment score, recommended housing type, and program criteria. The Priority List is divided into 5 lists based on the different subpopulations: Veterans, Chronic, Families, Unaccompanied Youth and Unsheltered. There are monthly case conferences where the most vulnerable on these lists are discussed and case managers have the opportunity, to address factors that may influence an individual’s or family’s assessment score; and discuss other services the individual and family may benefit from.

Recognizing the limitations in affordable housing within the community, Prevention and Diversion have become an integral component of CE, with diversion being discussed at all engagements with the individual or family. THHI has developed real time tracking of the availability of beds in emergency shelters which is accessible to the community on THHI’s website. The funding being requested in this proposal will continue to provide for two housing access managers to continue managing and monitoring the coordinated entry process and engaging and maintain landlords and developers to increase housing options.

**differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth?**
